The Magic Presence

TALK BY MR. G.W. BALLARD

July, 1938
First Publication

TRUE UNDERSTANDING OF DIVINE LOVE

Beloved Friends of America and Fellow Students, in considering the Power of Life, which is the great need of today and the outpicturing, or the expression of Divine Love, which is the Harmonizing Presence of Life—remember, Beloved Ones, that that's not just a precept. The Presence and Power of Divine Love is a Self-luminous, Intelligent Substance that goes forth from the individual who makes the Call to Life, the "Mighty I AM." As each one goes forward in making that Call and standing by it, remember, Friends of America as well as the Fellow Students, that it's imperative to call forth Divine Wisdom and Power to govern the Activity of Divine Love called forth, that

the human quality does not seize upon it and turn it into human love, or by its qualification, produce an activity of human qualities imposed upon the Power of Divine Love.

I want to explain to you, Friends of America as well as the Beloved Students, that many individuals, in coming into the understanding of the "Great Presence," have felt the Mighty Inner Impulse to pour forth Divine Love, but not understanding when It reaches a certain volume, and the human qualification being unaware and that changes to human qualities—it will throw one, ofttimes, into depravity instead of the Power of Divine Love which the quality in itself would convey. But by the human qualities being imposed upon it, it is distorted, or clothed into the wrong action. That's why it is imperative to call forth in your action of Divine Love, Wisdom, and Power which bring the balance of that Great and Mighty Activity.

Now let me explain to you why this Understanding of the "Mighty I AM Presence" is the greatest thing in the Universe: for the reason that human beings—not understanding or ofttimes reminding themselves of the balanced activity—when you call the "Mighty I AM Presence" into action to govern a condition or project Its Light into it, by the very Call to your "Presence," to Life, then Love, Wisdom, and Power are acting in balanced form. Therefore, if for any reason in the world you were apt to requalify it, then the very Call to the "Mighty I AM" would hold steady the balance of Love, Wisdom, and Power in your Activity of Divine Love which you had called forth to harmonize all conditions.

That is the importance of prefacing every Call you make by the "Mighty I AM Presence," or in the Name of the "Mighty I AM Presence," you do what is required. Therefore, you're not taking any chance then that some human qualification,

unknown to your outer consciousness, intrudes itself to obstruct or requalify the great Answer which your Call to the "Presence" would bring forth to you. Therefore, let us understand the great reason why the Call to the "Mighty I AM" holds the balance of action everywhere in the Universe when It is called forth. Love, Wisdom, and Power is the "Mighty I AM Presence" in balance. In other words, that is the Action of the "Mighty I AM Presence" sent forth into the world of action—either in the Higher Octaves or the human octave, it doesn't matter.

Since mankind have so long been governed by their human qualification, then something more than that must come forth to the Assistance of mankind to hold in action the Divine Qualities where They will not be requalified by the human unknowingly. That is what has prevented and it is what has held the conditions of limitation in, through, and over mankind all of these thousands of centuries, because mankind was not realizing they would call forth one Power, and the other two qualities were absent. Now for instance, if you call forth Power alone—Beloved Friends of America, anyone can experiment with this if they care to, and I hope they don't care to—if you call forth the Power, just Power alone, it will be but a short time until everyone will fear you, because that is a force that does not discriminate. For instance, suppose you call forth Wisdom without Love and Power, you will become cold and hard as steel. That is what has happened with thousands of people, and especially among the old occult students and the various activities in the understanding of metaphysics, because they do not understand and have not understood why these three qualities must act combined in order to produce the Perfection in either quality which is required.

Therefore, Beloved Friends of America, be careful what you do if you are calling forth qualities of Life. But if you will turn and understand the "Mighty I AM Presence," and in all Calls, call the "Mighty I AM Presence" into action, then you need never question or fear in the world that Divine Love, Wisdom, and Power will act in Perfect Balance and will produce Perfection for you in your world. Then the human cannot interfere. But as long as you take one quality itself, you are in constant danger of turning Divine Love into human qualities, or Power into that which causes people to fear you, or Wisdom into that which makes you hard as steel.

Therefore I say to you, Beloved Friends, the greatest opportunity in the world is before you to understand the activity of Life and call It into Its Perfect Action. Now all of us throughout the ages have been calling—we didn't know it, of course, but we were calling to Life in some manner; but look how little of its Perfection we have been able to bring forth! Now today among the "I AM" Students and ourselves has been proven the Power of this simple, Majestic Instruction which Saint Germain has brought forth to bless mankind to give the Protection of America and for the public good. Therefore, all that we do is for the Blessing of America and the public good. And all we call your attention to is the activity of Life, the greatest thing in the Universe, the only thing that can hold mankind in balance and produce Perfection for them and bring release from the Treasure House of Life the Perfection and Supply which everyone not only needs, but must have at this time in order to have happiness and the balance of harmony maintained in their feelings to allow the Light to do for them what It must do.
